Christmas Wishes

Roll on 2008!

Since our start in early 2007, Frankland Associates Recruitment & Search has gone from strength to strength. This is thanks mainly to the solid relationships we have with clients and candidates. We have won inclusion on a number of high profile PSL's, and most of our candidates now come via referrals from happily placed recruiters!

A recent industry survey reports that many recruitment employers are planning on increasing headhunt steadily throughout 2008, so there's no reason not to call us if you are thinking about a career move next year. [More details](#)

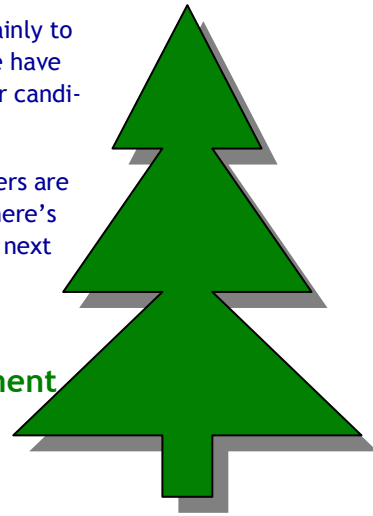

Raising the Profile of Recruitment to Recruitment

Your details are safe with us. We do not comb job sites for CV's to send 'on spec'. Your career is just too important, so we respond to instructions from you.

New Years Resolutions

It's that time of year again. Will you write a list of Resolutions for 2008? Writing a good Resolution is pretty much the same as setting an achievable goal. For example, if you've never played the guitar before its highly unlikely that by April 2008 you will be doing a Jimi Hendrix!

Perhaps you are trying desperately to go to the gym more regularly? Why not set yourself a small goal of going once a week for half an hour and review it in 4weeks time? Hey presto, one resolution achieved, and probably well before your 4week review.

If you are planning on looking for a new job, why not contact us and we will do the work for you. Then set aside some time each week to keep up contact with us and hey presto—new job resolution achieved!
